

To: Lot owners and Home owners of **The Georgian Highlands**

Sub: North Park Entrance Gate Operation

Effective Monday 30th June 2003 the North Park entrance gate will be in operation.

HOME OWNERS – Please read the following Procedure.

All home owners will be issued with:

- (a) One remote control for opening the gate
- (b) A code that you can enter at the gate key pad that will open the gate.

Remote Control

Each home owner is supplied the first remote control free of charge. Additional remote controls are available at \$50 a piece. In the event of a loss of remote control, please contact our management office to cancel the remote control and render it inactive.

Access Code

Your access code is a private number issued to you. Please keep this confidential and for your private use only. Contact our office at the phone number shown below to receive your access code

Visitor access

When your visitor arrives at the gate he can scroll down to your name and press the call button. Your home phone number will ring and by hitting “9” on your telephone key pad the gates can be opened to allow your visitor. Your correct home phone number is to be provided to us to program the same. Please call us and provide us you home phone number so that we can program the gate software.

Subcontractors

With immediate effect only authorized and approved sub-contractors will be allowed access. Please contact our office to register the contractors and issue them a temporary short term access code.

Emergency 911/Fire access

We will inform the 911/Emergency departments of a code so that they can get into the gates in the event of an emergency and not have to run the gate.

LOT OWNERS

Should you need an access code please provide your name, address, phone numbers so that we can provide you your access code.

Should you have any questions, please do not hesitate to contact the undersigned.
